Pasang Lama

UIUX Designer / Web Designer

Seeking a challenging role as a UI/UX Designer / Web Designer where I can leverage my creativity, technical skills, and user-centric design approach to contribute effectively to innovative projects. Passionate about crafting intuitive and visually compelling user experiences, I aim to collaborate within a dynamic team to deliver engaging designs that elevate user satisfaction and drive business objectives.

Experience

1 Apr 2022 - 20 Nov 2023

UltraByte International Pvt. Ltd | Maitidevi, Setopool, Kathmandu

UIUX / Web Designer

- Creating wireframes, prototypes, and high-fidelity mockups using Figma.
- Conducting user research, usability testing, and gather feedback to iterate and improve designs based on user insights.
- Developing user-facing features for websites and applications using web technologies like HTML, CSS, and JavaScript.
- Ensure cross-browser and cross-device compatibility to deliver consistent experiences across different platforms and screen sizes.
- Implementing responsive design principles to create mobile-friendly interfaces that work well across various devices.
- Utilize version control systems like Git for code management and collaborate effectively with other team members.
- Implementing SEO fundamentals to create web content that is accessible and optimized for search engines.
- Collaborate with cross-functional teams to gather and understand user requirements, translating them into design solutions that align with business goals.
- Work closely with developers to ensure seamless implementation of designs, providing necessary guidance and support during the development phase.

Highlight Projects

- Hamro QR Menu
- A-One Leather
